NWDA will collect a 1 time vendor fee of \$10. and a 15% consignment fee for each of the items sold, items not picked up, are considered donated to NWDA. Each label can be attached to the item by cutting the labels apart, filling in what is needed, and then making a ring of the label around a piece of the item and securing the ring with a piece of tape. Card stock is best, so that it doesn't rip. They could also be printed on Avery 5160 or 8160 labels, if you have those and stuck on. Do not stick labels on suede. You may of course bring your items to check in, we will have labels there to attach.
